TRAINING CENTRE ACCREDITATION NOTES

TRAINING CENTRE

ACCREDITATION NOTES

Where a Training Provider uses their own Training Centre to deliver NPORS training, the centre must be accredited by NPORS

A separate Training Centre Application Form must be completed for each centre you intend use

A Training Centre Accreditation Audit will take place (at each centre if applicable) at a mutually agreed date to determine what type of accreditation can be applied to your centre, i.e. Classroom, Industrial, Construction and Confined Space

Notes for completing the Training Centre Application Form

Address, Telephone and Email of centre:

Please provide the full address including postcode of the centre you are requesting to be accredited, even if the same as Training Provider details. **Please be aware these details will show on the Training Centre search on our website**

Centre Contact:

Please complete, even if the same as the main contact of the Training Provider

Does the Training Centre have any of the following:

Please tick all that apply. To become an accredited centre, you must have all of these items or a valid reason if not. These items will all be assessed by the NPORS Auditor during the Training Centre Accreditation Audit

What category of courses can the Training Centre provide:

When applying for an accredited centre, please tick which you think you qualify for. Again, this will be assessed by the NPORS Auditor during the Training Centre Accreditation Audit

Next stage

Once we have received your Training Provider / Training Centre Application and the relevant fees have been paid, we will confirm that all details received are correct and a member of our team will contact you to arrange a date for the Training Centre Accreditation Audit

The list below has been designed to give you an idea of things the Auditor will be expecting to see and assess during the audit. This is not the entire list
